SD Math and English-Language Arts

Grade Level	Dates	Subject Matter	Allotted Time	Results
Grades 3-8 Grade 11	March 25 - May 3, 2024	Core Content Connectors	TBD by teacher	Reported to parents

The South Dakota Math and English Language Arts (ELA) Assessments are administered to students in grades 3-8 and 11. They measure student knowledge mastery/understanding/ of state content standards in math and ELA. The assessment system includes both summative and interim assessments. The summative assessment is administered every spring to all students in tested grades, while the interim assessments are optional for districts to use. The assessments use computer adaptive testing technologies to provide meaningful feedback and actionable data that teachers can use to help students succeed.

South Dakota Science and South Dakota Science Alt

Grade Level	Dates	Subject Matter	Allotted Time	Results
Grade 5 Grade 8 Grade 11	March 25 - May 3, 2024	Science	Designed to be untimed tests. Estimated times are 2-3 hours per assessment.	Reported to parents

The South Dakota Science Assessment measures student achievement in relation to our new state standards that were adopted in May 2015. As the test is organized around new standards, this spring will be a field test of new items and content organization. This means that reporting, if any, will be limited since standards for comparison cannot be determined until after testing is complete. Any results will be raw scores with no levels of achievement. The test will be given on the computer.
